

The TONE grinder 75 is jointly designed and customized in partnership Anfim Caimano Drogheria. It features professional grinding at the TONE standard of excellence along with precise on-demand dosing. Grinding discs are made of hardened steel and handle up to 1 kg per grind with ease.

The multifunction control unit with display allows you to set the timer to the perfect setting for any pre-defined quantity goal. The grinding cycle is initiated by simple commands on the corresponding touch pad. Each TONE grinder 75 comes with a basket holder designed to mate perfectly with both the TONE Touch 01 and 02 models for seamless integration.
